

OUTPATIENTS

Former Damascus Health Services patients are welcome to briefly visit the Unit as an outpatient.

The purpose of these visits is:

- To touch base with staff. One-on-one time will be offered, time permitting.
- To come in for some 'time-out'.

These visits are seen as an adjunct to therapy, rather than a social visit.

You are encouraged to call the Unit if you feel vulnerable or in crisis, prior to coming in as an outpatient. This will give staff the opportunity to discuss with you the most appropriate action.

Outpatient attendance is available daily from 8:00am - 6:00pm.

Group attendance is not permitted on these visits.

If you are intoxicated you will not be permitted into the Unit.
