

Neurosurgery– A Small Interactive Workshop for GP's

GPs are invited to join us for this Category 1 / 40 Point CPD Seminar

Date: Saturday, 16th February 2019

Time: 8:00am – 8.20am Registration
8.20am – 8.30am Welcome & Introduction
8.30am – 4.00pm Seminar

Venue: Ground level – Damascus Day Patient Unit
Brisbane Private Hospital, 259 Wickham Tce, Spring Hill
Free parking is available at Brisbane Private Hospital (entrance via Birley Street)

Speakers: Dr Peter Lucas, Neurosurgeon Amanda Keane , Practice Nurse
Dr Ali Alavi, Neurosurgeon Adil Zia, Clinical Researcher
Matt Andrews, Senior Physiotherapist

Overview:

The format will include lectures and interactive sessions focussing on:

- Imaging and the spine, what does it all mean?
- What is sagittal spinal balance and what difference does it make to my patient?
- Pituitary tumours – how endoscopic surgery has revolutionised access to brain tumours
- Does age really matter? Spinal decompression surgery options for today's elderly
- The Neuron Rapid Access Work Injury Clinic – how we can streamline care for your injured worker patients
- Post-operative care for your spinal patients and physiotherapy and rehabilitation programs for all your patients
- Patient flow at Neuron – from triage to discharge. The Practice Nurse role and how we can help.

This is a RACGP Category 1 (40 points) Accredited CPD Event
